# CO-OP Program

*Earn  
While You  
Learn!*

**1-800-474-1031**

# MGTC & RAFB

The Middle Georgia Technical College and Robins Air Force Base highly competitive CO-OP Program provides students an opportunity to earn while you learn.

If selected, students will alternate full-time work with full-time school in six-month increments for a two or three year period. Students are expected to maintain a specific standard of academic performance while enrolled in this program.

## Aircraft Structural Technology

Students interested in aircraft structures manufacture and repair may be interested in this rapidly evolving career field. Graduates are prepared for industry work in sheet metal shops, and composite manufacturing and repair industries.

Do you have an interest in airplanes?

## Aviation Maintenance Technology

Do you like to diagnose problems?

Another area of aviation technology to consider is maintenance. You can gain valuable "hands-on" training in aircraft frame, engines, and power plant repairs.

## Electronics Technology

The prevalence of electronic equipment in homes and industries is increasing the demand for skilled technicians. Learn the basic skills necessary to operate, maintain, install, and repair electronics. Entry-level salaries in the Middle Georgia area range from \$20,000 to \$28,000.

Are you curious about how things work and good at problem solving?

## Machine Tool Technology

Did you know that Machinists are predicted to be one of the fastest growing occupations over the next decade?

Students interested in an exciting field that impacts every manufactured product may be interested in learning to operate and set up sophisticated machine tools and learn CAD/CAM programming. This training prepares you for a career in tool making, aircraft fabrication, automobile and motorcycle design, fabrications, and customizing.

Close to 1,000 new machinist jobs will be available in Georgia over the next decade. Entry-level salaries in the Middle Georgia area range from \$25,000 to \$28,000.

## MGTC CO-OP Program

I would like to receive additional information on the following co-op program(s):
