

RESOURCES FOR JOB SEARCH AND CAREER PLANNING

INTERNET RESOURCES:

Jobs currently listed with MGTC are available to all students and graduates through the CAREER SERVICES Web page:

<http://www.middlegatech.edu/students/jobs/careerservices/>

Current students may log in using their student e-mail log-in user name and password. If you are not able to log in, please contact Patrick Ivey in Career Services (Contact information below). Graduates and former students who are not able to log in will also have to contact Career Services to establish a user name and password to access the job listings.

(Also, on the above web page are links to on-line resources for finding jobs, and a list of Temporary agencies. All of these links are available without having to log in.)

OTHER WEB RESOURCES:

www.careerbuilder.com

www.monstertrak.com

www.livecareer.com

www.Cumulusjobs.com

You can do a Google Search or Yahoo Search for “Resume Writing Resources” or “Job Hunting Resources” to find some great ideas to assist in your job search plan.

CAREER PLANNING AND INFORMATION:

The Georgia Career Information System (GCIS) is an excellent resource for obtaining information on different careers, assessing your skills or interests, financial aid, working on your resume and other helpful topics. Be sure to check out the “Reality Check” link. Here is the web site and log-in information:

www.gcic.peachnet.edu

User Name: mgtc Password: gcis645

LIBRARY: The Library has 3 shelves of books on pertinent topics: Resume Writing, Interviewing, Cover Letters, Job Searching strategies, Top 100 jobs and job projections. There are many resources available to assist in your job search.
